Meeting of the San Diego Rock Art Association, SDRAA

June 6, 2010

First Anniversary Meeting

Kumeyaay-Ipai Interpretive Center

13104 Ipai Waa puk Trail

Poway, CA 92064

The pot luck dinner which preceded the meeting was fabulous. Members and guests brought a variety of tasty dishes, and the social hour was very animated as usual.

The business meeting was called to order at 5:20 by Sherry Eberwein. Sherry discussed topics covered at the core committee meeting. Some of the items covered were:

Siobhan Hancock reported on the new membership cards. She showed the photo of the card with the logo that both she and Jim Respass have been working on. She stated that we will be passing out membership cards at the August meeting. The card will include: charter members, members and founding members.

The dates for the upcoming meetings are August 1, 2010; October 3, 2010; December 5, 2010; February 13, 2011; April 3, 2011; and June 5, 2011 to be held at the Kumeyaay-Ipai Interpretive Center in Poway.

Everyone was thanked for their support this first year. Next year we will have a member only list. Members will receive announcements of meetings, business notes, and special notices with pertinent information about workshops, field trips, etc. The regular membership will still be \$25.00 per year and there will also be a family membership of \$40.00 per year. Membership is due August 1, 2010 for the 2010-2011 year.

Marc Robin and Greg Erickson will start looking into having workshops for the members.

New Items

Sherry Eberwein made a scrapbook of the history of SDRAA from the original conception of the group to the first year anniversary. The book was available for perusal.

Siobhan Hancock gave the treasury report and said we have \$1002.00 in our account.

Sherry Eberwein handed out certificates of appreciation to the charter members, founding members, and to the program presenters. A special award was given to Sherry Eberwein by Sandy Zahn for her leadership this first year.

The meeting was adjourned at 6:00, and a champagne and cake celebration of our first year followed. We toasted our first successful year and promises of a second year with great things to come.

Program

Eve Ewing and Marc Robin gave a thrilling presentation on the Rock Art Site in Baja California at San Carlos Mesa entitled "Mesa San Carlos Solstice Site: Stumbling into Rock Art" and "The Sun is in his House." As an added treat for all of us, some of the members from the original trips and other friends of Eve and Marc over the years came to the meeting to hear the presentation and to share their experiences. They were: Kate Griffith and her parents, Aletha and Marvin Patch; Chris Lafferty, Susan Lafferty, Del Cover, Andy Schouten, Brad Dessery, Zachary Cole, Joel Wright, Linda Fisk, Arleen Hessekeil, and Trenton Sokol.

After the presentation, pictures were shown and lots of questions followed.

Greg Erickson, Steve Freers, and Marc Robin coordinated the technology for this presentation.

This was a special meeting with good friends, great food, a thrilling presentation and wonderful conversation. Thanks to all our members and guests for this successful first year.

Respectfully submitted by Sandy Zahn
