

San Diego Rock Art Association Meeting

Sunday, August 12, 2012

Kumeyaay-Ipai Interpretive Center
13104 Ipai Waaypuk Trail (formerly Silver Lake Drive)
Poway, CA 92064

Get ready for Part 2 of our presentation series on the Rancho Bernardo Style—“The Northern Florescence.” It is a follow-up to President Greg’s fantastic overview of the Rancho Bernardo Style that focused on the region that bears the style’s name. Steve Freers will present the expression of this style as it exists in the San Jacinto River watershed and its relationship to petroglyph and San Luis Rey Style rock art sites. The presentation will explore variants of the style, new sites and findings, connections between the style’s two major concentration areas, and physical evidence of the creators of this rock art. Don’t miss this spellbinding presentation.
