# AN EVENING WITH HARRY CROSBY

The extensive explorations and archival research of writer and historian Harry W. Crosby have established him as one of the significant authorities on the colorful past of the Californias. His published works include *Antigua California*, *Portrait of Paloma*, *Tijuana: 1964*, *Gateway to Alta California: The Expedition to San Diego*, and most notably for our December meeting, *The Cave Paintings of Baja California: Discovering the Great Murals of an Unknown People*. Now in its third revised edition, his thoughtful and comprehensive contribution to the study of Great Mural art continues to influence researchers and outdoor adventurers. SDRAA is honored to have Harry share his journeys, discoveries, and reflections on this magnificent rock art with our group. Plan to arrive early and join us for a very special program.
